Tuesday 10th October – Parents Evening
Wednesday 11th October – Parents Evening

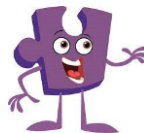

We are Writers

This term we are reading three lovely texts – Stardust, Biscuit Bear and Lubna and Pebble. We are learning about what a sentence needs and challenging ourselves to use capital letters at the start of a sentence, finger spaces and full stops. We are working really hard at using the sounds we know to help us write our ideas down.

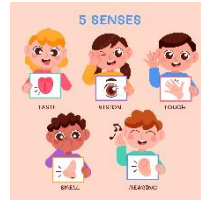

We are Self-Aware Citizens

Every Friday, we will have a PSHE lesson and the focus for this term is 'Being me in my world'. We will talk about what makes us special, we will discuss our class charter and how we can use our gem powers to help us.

We are Scientists

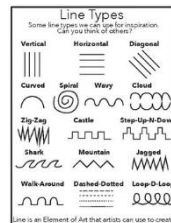

We will be learning about our 5 senses and exploring the world around us using all our senses. We will be tasting things to make our tastebuds come alive, feeling materials with different textures and go on a listening walk.

Year 1 Curriculum Newsletter Term 1 -

We are Artists

As artists, we will be looking at different pieces of artwork and using our topaz power to say whether we like them or dislike them and explain our reasoning. We will also be practising our drawing skills and create a piece of artwork using different types of lines. We will also explore different media such as crayons, felt tips, oil pastels, paint.

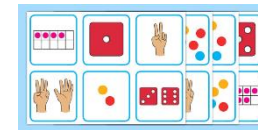

General Reminders:

PE is on a Wednesday and Friday. Children need to come into school wearing their PE kit and trainers. Reading books are changed on a Thursday. Reading tree books are changed on a Monday. Please only bring in healthy snacks and water.

We are Mathematicians

We are practising subitising, exploring numbers and counting up to 100. We are also beginning to use our topaz power to talk about our maths learning. In our maths learning, we use lots of resources to help us show our thinking and help us to solve problems.

This term we will also be...

We are also Citizens each week and learn about different religions. Each week, we are Athletes twice a week and we will be practising jumping, side stepping, galloping and skipping. We will also learn how to play games involving defenders!
