

# Pupil premium strategy statement – Begbrook Primary Academy

Before completing this template, read the Education Endowment Foundation's [guide to the pupil premium](#) and DfE's [pupil premium guidance for school leaders](#), which includes the 'menu of approaches'. It is for school leaders to decide what activity to spend their pupil premium on, within the framework set out by the menu.

All schools that receive pupil premium are required to use this template to complete and publish a pupil premium statement on their school website by 31 December every academic year.

If you are starting a new pupil premium strategy plan, use this blank template. If you are continuing a strategy plan from last academic year, you may prefer to edit your existing statement, if that version was published using the template.

Before publishing your completed statement, delete the instructions (text in italics) in this template, and this text box.

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

# Part A: Pupil premium strategy plan

## Statement of intent

Our intention is that all children, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all curriculum areas. The focus of our Pupil Premium strategy is to support children experiencing disadvantage to achieve this goal, including progress for those who are already high attainers.

We actively prioritise children experiencing disadvantage. Children experiencing disadvantage, who are eligible for the Pupil Premium funding, are at the heart of all decisions made in our Academy. We design provision that privileges disadvantage, ensuring that barriers are removed and not created. We deliberately apply equity to ensure children are enabled to, supported to and expected to take opportunity to secure an excellent education. As Rick Lavoie stated, *'Fair doesn't mean giving every child the same thing, it means giving every child what they need'*.

Our aims are:

- To close the attainment gap between disadvantaged and non-disadvantaged pupils.
- For all disadvantaged pupils in school to make or exceed nationally expected progress rates.
- To support our children's health and wellbeing to enable them to access learning at an appropriate level.
- To ensure there is a sustained culture of high expectations for all.

Children and families are carefully identified for bespoke support to close gaps in areas such as academic knowledge and skills, cultural capital, life experiences, health and wellbeing. Children and families who are experiencing disadvantage, or who are at risk of disadvantage, are treated as individuals, not a homogenous group. Where possible, barriers are identified and appropriate resources are used to help to overcome those barriers.

We will provide support through:

- **High-Quality Teaching:** Emphasising high-quality teaching as the primary approach to supporting children experiencing disadvantage.
- **Targeted Support:** Providing targeted support through interventions, especially for those whose education has been most affected.
- **Wider Strategies:** Implementing wider strategies to address non-academic barriers to success in school, such as attendance, behaviour and social and emotional support.

Our Pupil Premium Spend Strategy demonstrates a commitment to a research-evidence informed approach to addressing disadvantage to improve life chances and ensure the holistic development of all children.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	A high number of children in receipt of Pupil Premium funding are not attending school consistently. <i>End of term 1 2024-25 – PP/non-PP attendance gap: -4.4%</i>
2	Some of our children in receipt of Pupil Premium funding have experienced adverse childhood experiences (ACEs) which impacts on their ability to engage fully in learning.
3	Some of our children in receipt of Pupil Premium funding are not working at the age-related standard. <i>Y2, Y3, Y4 and Y5 have PP/non-PP attainment gaps in RWM combined.</i>
4	Some of our children in receipt of Pupil Premium funding have underdeveloped oral language skills with a limited understanding of a wide range of vocabulary among disadvantaged pupils.
5	Some of our children in receipt of Pupil Premium funding are working below the age-related expectation in writing.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attendance for children in receipt of Pupil Premium funding.	Attendance for children in receipt of Pupil Premium funding will be 95%+ by the end of the year. PP/non-PP attendance gap will be reduced by 2.3%.
Children in receipt of Pupil Premium funding will have improved engagement in learning.	Internal assessment will show progress for children in receipt of Pupil Premium funding.
Improved combined outcomes for children in receipt of Pupil Premium funding.	KS2 outcomes in 2024/25 show that the combined attainment gap is below 10%.
Improved communication, language and oracy skills for children in receipt of Pupil Premium funding.	Children will be able to use a broad range of vocabulary for a variety of purposes.
Improved writing outcomes for children in receipt of Pupil Premium funding.	KS2 outcomes in 2024/25 show that the attainment gap for writing is below 10%.

We are proud of the progress and attainment of our children experiencing disadvantage who, as a group, are attaining higher than Pupil Premium children nationally. However, despite this success, there remains a noticeable gap between the attainment of children experiencing disadvantage and their non-disadvantaged counterparts. By continuing to focus on high-quality teaching and targeted support, we remain committed to closing the attainment gap.
