

Begbrook Primary Academy - Pupil premium strategy statement

1. Summary information					
School	Begbrook Primary Academy				
Academic Year	2020-21	Total PP budget	Approx £131, 698	Date of most recent PP Review	Sept 20
Total number of pupils	567 (43Nursery)	Number of pupils eligible for PP	105	Date for next internal review of this strategy	July 2021

2. Current attainment – KS2 national testing was suspended for 2019-20		
		<i>Pupils not eligible for PP (national average)</i>
% achieving ARE in reading, writing and maths		%
Reading progress score		%
Writing progress score		%
Maths progress score		%

3. Barriers to future attainment (for pupils eligible for PP, including high ability)
<ul style="list-style-type: none"> • There is a historical gap between PP and non-PP attainment in combined measure for RWM in KS2 • There is a historical trend that PP attainment is lower than non-PP attainment in combined measure across the school • We know that PP children are known to have lower levels of oracy and reading progress/attainment • Attainment of PP children is lower than non-PP in Reading and Maths subjects at KS2: Reading – PP:69%; Non:75% / Maths – PP:59%; Non:80% • We know that PP gap analysis shows that children have vocabulary deprivation • We know that PP gap analysis shows that children have family stress as a result of shortage of money (FSM) and have direct or indirect effects of material deprivation and this has an impact on their health and well-being • We know that PP gap analysis shows that children dysregulate frequently and have poor social and emotional skills and have a sense of futility • We know that PP gap analysis shows that children have parents who are less engaged in learning and 31.4% are exposed to low aspirations • We know that PP gap analysis shows that children have narrow experiences outside of school and have reduced educational experiences • We know that PP gap analysis shows that children have a higher chance of exposure to an adverse childhood experience (ACE) • There is a historical trend that disadvantaged attendance overall is below national (96%) and there is a gap to non-PP attendance in school
4. Desired outcomes
<ul style="list-style-type: none"> • Disadvantaged children across the school will have accelerated progress to raise attainment • Barriers identified through PP gap analysis are supported so that children are ready to learn and able to access school opportunities • Disadvantaged attendance has increased by +1% to bring it in line with national
5. Planned expenditure

Academic year	2020-21
----------------------	----------------

The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.

i. Quality of teaching for all

Because we know...	Actions	What is the evidence and rationale for this choice?	Measures and monitoring	Staff lead	Impact summary
There is a trend that PP attainment is lower than non-PP attainment in combined measure across the school	<ul style="list-style-type: none"> Quality first teaching in the classroom based upon: the 8Cs; metacognitive approach of Think Like a Learner to be consistently applied by all staff - release time Disadvantaged children to be a focus at Core Team Meetings each week AIP focus of 'Any, any, any, any' - any class, any child, any book, any subject Key research is used to guide regular staff CPD and the creating of and referring to 'Developing Excellent Teachers at Begbrook' document will help to ensure consistency in approach across the school. 	<p>Impact of effective teaching on students in years of progress – Sutton Trust (2011)</p> <p>Bill and Melinda Gates Foundation - 7Cs (plus an additional one – metacognition): These 8 characteristics define what excellent teaching looks like. These are used as a focus for lesson observations and feedback as well as pupil voice surveys. Lesson observations focus on improving quality of teaching by asking 3 key questions:</p> <ul style="list-style-type: none"> - What is working well? - What could change? - What should stop? <p>Rosenshine's Principals of instruction</p>	Monitoring cycle to include: learning walks, pupil surveys, book scrutiny, and year group scrutiny at core team meetings and with SLT.	<p>Class teachers</p> <p>YGL</p> <p>PT</p>	Cost: Nil

<p>There is a gap to non-PP attainment in combined measure for RWM in KS2</p>	<ul style="list-style-type: none"> • PiXL approach “Find the gap: plug the gap” to be used to target key marginals and monitor progress. This is implemented in all year groups throughout the school • Attendance at online conferences for staff • Core team meetings are held on a fortnightly basis to review and monitor progress (weekly for Y6) • Therapies are delivered for key marginal, including PP children • Teachers and TAs deliver therapies 	<p>PiXL aims to support the promotion of excellence for pupils. One of the strategic approach’s PiXL promote within every day teaching, is through effective use of data to sharpen the focus on the key gaps in students learning, and then the implementation of specific personalised intervention for each student to enhance standards. This is achieved through, what PiXL term DTT (diagnosis, therapy and testing) and is essentially a cohesive formalised AfL approach.</p>	<p>Core team meetings held weekly/fortnightly</p> <p>PiXL approach to be reviewed each term</p> <p>Ongoing assessment results analysed to track progress</p>	<p>LM, BH and YGLs</p>	<p>Cost: £4500</p>
<p>Because we</p>	<p>Actions</p>	<p>What is the evidence and rationale for this choice?</p>	<p>Measures and monitoring</p>	<p>Staff lead</p>	<p>Impact summary</p>

<p>PP children have lower levels of oracy and reading progress attainment</p>	<ul style="list-style-type: none"> • Improve oracy levels through embedding Voice-21 and Begbrook strategies to develop grammar and articulation • Staff to continue to have access to Voice-21 strategies • Training to be delivered to new staff and TAs on how to effectively implement strategies in the classroom • Best practice within school identified and shared as appropriate • Use Oracy Framework tool (key components of communication - linguistic, physical, cognitive and social & emotional) for analysing oracy during monitoring process • Report to parents on progress in Oracy x3 per year • Use Oracy as an assessment tool on Pupil Pen Portraits 	<p>Voice-21 "Speaking is a huge priority. It's one of the biggest indicators of success later in life. It's important in terms of their employability as they get older. It's important in terms of wellbeing. If children aren't able to express themselves and communicate how they're feeling, they're not going to be able to be successful members of society." <i>Amy Gaunt, Voice-21</i></p>	<p>Monitored through learning walks, pupil voice, pen portraits and lesson observations</p>	<p>Oracy champions + LM</p>	<p>Cost - Nil</p>
---	--	---	---	-----------------------------	--------------------------

<p>PP gap analysis shows that children have vocabulary deprivation</p>	<ul style="list-style-type: none"> • Training to be delivered on the impact of the vocabulary gap and strategies to reduce this shared with staff • All year groups to implement appropriate strategies for improving the teaching of vocabulary – trial and review • Best practice within school identified and shared • Knowledge organisers to contain key vocabulary for each unit 	<p>Closing the Vocabulary Gap – Alex Quigley</p> <ul style="list-style-type: none"> • Low vocabulary levels are a consistent factor for disadvantaged children across the country • Parents in professional families speak 32 million more words to their children than parents in welfare families • Children with restricted vocabularies at 5 years old are more likely to be poor readers as adults, experience higher unemployment rates and have more mental health issues • 95% of words in a text = comprehension • We need to understand the challenge of conversational, academic and public sphere vocabulary and know how to make this accessible for all <p>The working class: Poverty, Education and Alternative Voices – Ian Gilbert</p> <p>Language deprivation means that disadvantaged children have a limited acquisition and repertoire of vocabulary. Their lack of wider experiences leads to reduced general knowledge and language schemata to adapt to new learning.</p>	<p>Monitored through learning walks, pupil voice and lesson observations</p>	<p>Vocabulary champions + PT lead (LM)</p>	<p>Cost - Nil</p>
<p>Total budgeted cost</p>					<p>£4500</p>

ii. Targeted support					
Because we know...	Actions	What is the evidence and rationale for this choice?	Measures and monitoring	Staff lead	Impact summary
Disadvantaged attendance is below national (96%)	<ul style="list-style-type: none"> Attendance Officer employed to support with the following: <ul style="list-style-type: none"> Target 'broken weeks' absentees and discuss impact with families Monitor lateness Support families with children who have persistent absence Target 'turbulent' families (irregular school moves) Raise profile of attendance – One Big Thing Weekly reports to be shared with Principal Team. Attendance regularly communicated with parents via newsletters. Information about attendance and lateness to be displayed prominently around the school. Analyse data groups within attendance figures e.g. 90-92%, 92-94% and target accordingly Provide wrap around care on a case-by-case basis so that children can attend breakfast club and after-school club 	<p>DfE Miss School = Miss Out, Improving Pupil Attendance Strategy</p> <p><i>“Attending school regularly is important for all pupils because of how their attendance can affect their educational attainment and their subsequent life chances.”</i></p> <p><i>“Early intervention is crucial to avoiding the emergence of poor patterns of attendance, both in terms of establishing positive habits from an early age and also intervening before negative patterns become entrenched for pupils of any age. Schools which successfully address poor attendance will monitor data closely, take prompt action on potential concerns and involve parents at an early stage. Some schools will use internal resources successfully to provide additional support to improve attendance.”</i></p> <p>Narrowing the attainment gap – Daniel Sobel</p> <p>FSM children are twice as likely to be PA (page 32)</p>	<p>Each term - data to be added to AIP</p> <p>Impact and progress shared at Academy Council through Head's Report</p>	<p>Parent Support Worker and Attendance lead (Zoe Sutton)</p>	<p>Zoe Sutton salary - Cost: £23,136</p>
Total budgeted cost					£23,136

iii. Other approaches

Because we know...	Actions	What is the evidence and rationale for this choice?	Measures and monitoring	Staff lead	Impact summary
<p>PP gap analysis shows that PP children dysregulate more frequently and have poorer social and emotional skills and can have a sense of futility</p>	<ul style="list-style-type: none"> • Embed metacognitive approach that gives children understanding of the skills needed to be a successful learner • Think Like a Learner (Di Pardoe and Tom Robson) and the use of Gem Powers to be used as a whole school approach • Boot camp training for new and returning staff • Staff CPD for SMSAs • Gem Powers wording updated • Whole school assemblies to reintroduce Gem Powers • Learning walks will comment on effectiveness of metacognitive approaches in the classroom/during interventions • Pupil and parents voice surveys will be conducted • Assemblies and celebrations will draw upon specific learning behaviours • Progress within the Gem Powers to be reported to parents 3 times per year • Metacognition identified as a performance management target where necessary 	<p><u>Education Endowment fund (EEF):</u> Meta-cognition and self-regulation approaches have consistently high levels of impact, with pupils making an average of eight months' additional progress. The evidence indicates that teaching these strategies can be particularly effective for low achieving and older pupils.</p> <p>The pupil premium gap analysis grid highlights the barriers that have resulted in our PP children being unable to discuss their emotions or manage their behaviour for learning.</p>	<p>Pupil voice surveys</p> <p>Anecdotal observations</p> <p>End of T2, T4 and T6 reports</p>	<p>Principal (Laurie Munro)</p>	<p>Ongoing</p> <p>For buying gems etc. Cost: £200</p>
<p>PP gap analysis shows that PP children dysregulate more frequently and have poorer social and emotional skills</p>	<ul style="list-style-type: none"> • We will implement a Gem House, based on nurture approaches, to support identified children in the following ways: 	<p>"If the child is unable to adjust to the needs of the school, then the school must adjust to meet the needs of the child." Marjorie Boxall</p>	<p>Boxall profiles to screen children</p> <p>Entry and exit data</p> <p>Pupil voice surveys</p>	<p>Learning Mentor (Luke England)</p>	<p>Ongoing</p>

<p>and can have a sense of futility</p>	<ul style="list-style-type: none"> To achieve stability with behaviour and attitudes to learning in identified cohort. To significantly reduce the impact of key learners' behaviour on others within the school and beyond (family life). To significantly reduce the number of significant incidents, internal exclusion and exclusions. To improve attendance To address children's lack of progress academically, emotionally and socially. To increase children's confidence, self-esteem, attainment, and love for learning and school. 	<p>This provision will allow us to assess learning and social and emotional needs and give help that is needed to remove the barriers to learning.</p> <p>This provision gives much opportunity for social learning, helping children to attend to the needs of others, with time to listen and be listened to. As the children learn academically and socially they develop confidence, become responsive to others, learn self-respect and take pride in behaving well and in achieving.</p>	<p>Parental meetings</p>		<p>Luke England salary: Cost: £38, 062</p>
<p>Because we know...</p>	<p>Actions</p>	<p>What is the evidence and rationale for this choice?</p>	<p>Measures and monitoring</p>	<p>Staff lead</p>	<p>Impact summary</p>
<p>PP gap analysis shows that PP children have family stress as a result of shortage of money (FSM) and that they have direct or indirect effects of material deprivation and this has an impact on their health and well-being</p>	<ul style="list-style-type: none"> Support parents of children who qualify for FSM through providing a 50% discount for educational visits and a discount for Y6 residential camp Provide wrap around care on a case-by-case basis so that children can attend breakfast club and after-school club Provide opportunities for children to attend paid-for after school sports provision on a case-by-case basis Provide each FSM child with a logo school jumper in line with the uniform policy Provide support and guidance for parents who are suffering with the direct effects of material deprivation. 	<p>According to research by The Children's Society on the impact of money worries on children's mental well-being and health, 2.4 million children live in families with problem debt in England & Wales and these children are five times more likely to be at risk of having low well-being than those not facing difficulties with debt. Children living in low-income households are at greater risk of having poor mental health.</p> <p>Money pressure also left children and parents feeling isolated and excluded, 'Debt meant not being able to go on outings, take part in activities like sports or school trips, missing out on things like birthdays, extended family gatherings or family holidays'.</p> <p>The working class: Poverty, Education and Alternative Voices – Ian Gilbert</p>	<p>Review attendance data for children provided with wrap-around care - each term</p>	<p>Family support worker (Zoe Sutton)</p> <p>Class teachers who run clubs</p> <p>Admin team</p> <p>Inclusion team</p>	

The indirect effects of material deprivation are social exclusion, leading to low self-esteem. The direct effects are health problems, poor diet and unsatisfactory housing.

**Cost: £2500
(Trips); £1000
(uniform)**

Because we know...	Actions	What is the evidence and rationale for this choice?	Measures and monitoring	Staff lead	Impact summary
PP gap analysis shows that PP children dysregulate more frequently and have poorer social and emotional skills and can have a sense of futility	<ul style="list-style-type: none"> Continue provision for unstructured spaces (playground at break and lunch) through: <ul style="list-style-type: none"> The purchasing of resources for Craze of the Week activities Provide resources for an alternative indoor space for play at lunchtimes Provide a nurture room for identified children who struggle to be outside independently during unstructured times Provide new uniform for SMSAs to ensure they are highly visible for vulnerable children 	<p><u>Beacon - Behaviour Support for Schools: How to improve behaviour on the playground at lunchtimes</u></p> <p>Many children simply don't know how to interact appropriately with each other on the playground. It is reported that a decline in co-operative play and an increase in squabbles and falling out frequently spill over into precious learning time in the afternoons. One solution is a whole school approach to actively plan for and teach playground games to all of the children. This approach also includes teaching those games/activities to staff who will be supervising. Games and activities will keep children more actively occupied during lunchtime and reduce the number of negative incidents. Not only will this lead to an improvement in their lunchtime experience, but their social interaction skills will benefit too.</p>	Pupil survey Safe House analysis each term Staff survey Parent survey Observations Daily de-brief meeting with SMSA team	Becca Hine/Jen Shaw Amanda Vinnall	<p>Cost: £400 for Craze of the Week resources and SMSA uniform</p>
PP gap analysis shows that PP children have narrow experiences outside of school and have reduced educational experiences	<ul style="list-style-type: none"> Weekly lunchtime outdoor nurture project sessions for selected pupils (a different year group per term) Children will be selected each term based upon self-esteem, experiences outside of school, levels or Oracy and vocabulary as well as supporting children with SEMH and behaviour needs. 	<p>Nurture Session (SEN pupils) We work with a small group of children with additional behaviour and learning needs in a green space setting during the school day to provide outdoor learning sessions to compliment the school topics and help support the development of the group.</p>	Termly reports provided by and shared with appropriate staff and parents.	Becca Hine	<p>Cost: Nil</p>
PP gap analysis shows that PP children dysregulate more frequently and have poorer social and emotional skills and can have a sense of futility	<ul style="list-style-type: none"> As part of the Cabot Learning Federation, we will continue to support the alternative learning provision called The Nest. Referrals submitted to the NEST for outreach support 	The NEST studio provides a part time Alternative provision for learners who are finding mainstream more difficult. This provides more appropriate provision for a few, who are FSM students.			

	and use of provision as an Alternative Learning Provision.				Cost: £20,000
PP gap analysis shows that PP children have narrow experiences outside of school and are exposed to low aspirations	<ul style="list-style-type: none"> Provide additional opportunities for identified children by: <ul style="list-style-type: none"> Ensuring PP children are given priority for selection at extra-curricular clubs Go on additional trips to visit local businesses/universities to raise awareness of future choices 	<p>Education Endowment Fund: Enrichment</p> <p>There is evidence on a diverse range of approaches that seek to enrich children's school experience. These approaches may happen during or outside of normal school hours and may seek to pursue academic goals through non-traditional means or pursue wider goals because these are held to be important. Enriching education has intrinsic benefits. All children, including those from disadvantaged backgrounds, deserve a well-rounded, culturally rich, education. It is argued that enrichment approaches can directly improve pupils' attainment by up to 4months.</p>	Pupil surveys Staff surveys Monitoring of club attendance		Cost: £1000
